## 300 Acres in the Business

We will prepay the freight on orders from \$5.00 to \$10.00 to any point in any of the following states: Nebraska, Iowa, Missouri, Kansas, South Dakota and Minnesota.

On orders of from \$10.00 to \$15.00 in Illinois, Indiana; Arkansas, Colorado, Wyoming, Montana and North Dakota.

On orders from \$15.00 to \$25.00 in Michigan, Ohio, Kentucky, Tennessee, Alabama, Mississippi, Louisiana, New Mexico, Utah and Idaho.

On orders of \$25.00 and upward to any point in the United States.

**WE GUARANTEE SATISFACTION**

## Read Carefully Before Ordering

Your Name, Postoffice and State should be distinctly written; also your freight and express office.

To strangers who have not already arranged matters by giving satisfactory references we will ship goods C. O. D. if 10 per cent, or more of amount of order has been advanced before shipment.

**When to Order.** Order early and we will endeavor to ship your order on any day that you notify us to ship. We commence to fill orders as soon as the soil is in proper condition to plant.

**Packing.** We use the utmost care in packing, using plenty of moss or excelsior to insure safe arrival. Everything is properly labeled, and further, if a mistake should occur, upon proper proof, the goods will be replaced free of charge.

We furnish 6 at dozen rates, 50 at 100 rates, and 500 at 1000 rates.

Customers are requested to notify us at once if any error occurs in filling orders. We can not hold ourselves responsible, unless notified within ten days from delivery. Our aim is to please each and every customer.

We guarantee all of our stock to be free from infectious diseases—healthy, vigorous and well formed. We send out nothing but first-class stock.

We dig our trees, shrubs, etc., with a large tree digger. You get all the roots.

Anything not listed that is found in our Descriptive Catalogue will be priced on application.

**Remit Money by Draft, P. O. or Express Money Order or by Cash in Registered Letter.**

---

*The prices quoted in this list are for any varieties of each kind of stock listed in our catalogue, except where special prices are specified for certain varieties. Practically all illustrations in the catalogue are from actual photographs taken at the nurseries.*

## PRICE LIST

### For the Spring of 1916

#### Fruit Trees

##### APPLE

	Each	Per doz	Per 100
5 to 6 ft extra fine.....	30	\$3 60	\$30 00
4 to 5 ft 2 and 3 year.....	25	3 00	25 00
3 to 4 ft 1 and 2 year.....	20	2 40	20 00
Selected specimen tree ...	50		

**Windsor Chief**—The tree from which our present stock of this fine variety is propagated is growing in our old family orchard at the nursery. It is 33 years old, and has borne 140 bushels of apples in the past 14 years. The highest award at the Paris Exposition on apples from this tree.

Windsor Chief 2 & 3 yr No. 1, 4 to 5 ft.	50
"          "          2 yr          3 to 4 ft	40
Salome—Tree perfect, fruit perfect, good for the north or west, 2 yr..	50
Salome, 3 to 4 ft .....	40
Delicious .. 5 to 6ft..	50
Delicious 4 to 5ft..	40
Stayman Winesap 5 to 6ft..	50
Stayman Winesap 4 to 5ft..	40

##### CRAB

	Each	Per Doz
5 to 6 ft .....	35	4 20
4 to 5 ft .....	30	3 60
3 to 4 ft .....	25	3 00
Selected specimen tree....	50	

**Crab Continued**

**Florence**—Waxen, yellow and red, medium size; very handsome, perfectly hardy. The crab for Nebraska and South Dakota.

	Each	Per Doz
5 to 6 ft.....	50	
4 to 5 ft.....	40	

**PEAR**

5 to 6 feet selected.....	50	6 00
4 to 5 ft No. 1 .....	40	4 50
Dwarf Pear 3 to 4 ft. No. 1.	50	6 00

Dwarf Duchess and Louie Bonne bear much better than standard.

**CHERRY**

**“If I knew I were to die to-morrow,  
I would plant a tree to-day.”**

**---Stephen Girard**

## Planting Roses

While roses, under favorable circumstances, are easily grown, yet when weather is dry and conditions adverse, a great deal of care is necessary, and to give the plant a good start we urge attention to the following suggestions:

**Plant Deep,** 2 to 3 inches deeper than the root stock shows it to have stood in the nursery. Heap a mound of earth about the bush to the depth of four inches above the ground level and cut the rose back to a height of one inch above the mound. Water freely and leave the mound of dirt until the rose shows a tendency to grow, or until dry weather is over, and then remove to a level with the ground. Plant in well worked soil. Never allow sod to form close to the bush. Follow these suggestions and you will have no difficulty.

FACTORY NORTHWEST OF DALLAS HOUSE
